

850 Quizzes for the Embraer Phenom 300

14 January 2025

We've just started rolling out our [free 850 quizzes](#) dedicated to the [Embraer Phenom 300](#).□

Certified for single-pilot operations, it can carry up to 11 occupants. With more than 730 units in 40 different countries, the Embraer's Phenom 300 is one of the world's best-selling light jet for 12 consecutive years. In 2024, Embraer has announced a new autothrottle feature that will be available for the Phenom 300E. The optional feature is set to enhance the already single-pilot-friendly cockpit, which includes the highly advanced Prodigy Touch based on Garmin G3000, further enhancing the aircraft's operational capabilities.

[Smartcockpit.com](#) is the only website delivering thousands of [free quizzes / question banks](#) from type-rating technical knowledge to Low Visibility Operations (LVO), ETOPS, NAT-HLA, Performance-Based Navigation (PBN), Upset Prevention Recovery Training (UPRT) procedures.
